

# Sanders County

# COMMUNITY WILDFIRE PROTECTION PLAN

## What is a CWPP?

Sanders County is in the process of updating the County's CWPP, a planning document that helps communities **prepare** for, **respond** to, and **recover** from **wildfire** while qualifying for grant funding to reduce wildfire risk and promote fire adapted communities.

## Get Involved

The County has assembled a Core Team of representatives from the County's Emergency Management Department, local fire departments, MT DNRC, CSKT, USFS, utility providers, commercial timber, and other key stakeholders.

The CWPP process relies on local input to develop a useful and effective CWPP. Visit the Sanders County CWPP StoryMap to learn more about how you can participate in the process through attending public meetings and providing public comments on the CWPP.
